RESOLUTION NO. 2016-__

RESOLUTION ADOPTING SEWER SERVICE CHARGE REPORT AND DELINQUENT GARBAGE SERVICE CHARGE REPORT, AND AUTHORIZING COLLECTION OF SAID CHARGES ON THE 2016-2017 TAX ROLL

The Board of Directors of the Granada Community Services District (“District”) finds and determines as follows:

1. The District has adopted a budget for the fiscal year beginning July 1, 2016;
2. The District has adopted by ordinance an annual rate for sewage service charges according to the classification of uses;
3. A written report was prepared and filed with the District Secretary pursuant to District Ordinance Code Section 700(11)(B), containing a description of each parcel of real property with premises connected to the District’s wastewater system (unless exempt pursuant to Section 501(02) of Article V of the District Ordinance Code). The written report also contains the charge for each such parcel for the fiscal year beginning July 1, 2016;
4. A written report was prepared and filed with the District Secretary pursuant to District Ordinance Code Section 303(03), containing a description of each parcel of real property being delinquent in payment of charges for mandatory garbage service and the delinquent charge for each such parcel as of March 31, 2016;
5. A notice of the filing of the report and of a public hearing for July 21, 2016, at 7:30 p.m. at the District’s Meeting room was published as required by Health and Safety Code section 5473.1 and Government Code section 6066;
6. At the duly noticed and conducted public hearing on July 21, 2016, the Board heard and considered all objections or protests, if any, to the written report regarding the sewer service charges and the written report regarding delinquent payment of garbage service charges.

IT IS RESOLVED, found and determined by the Board of Directors of the Granada Community Services District as follows:

1. The sewer service charges for each parcel contained in the written report thereof were computed in conformity with the rates prescribed by the District Ordinance Code for sewer service charges;
2. The delinquent charges for mandatory garbage service contained in the written report thereof are accurate;
3. The final sewer service charge report, a copy of which is attached to this resolution, is adopted and approved;

4. The final delinquent garbage service charge report, a copy of which is attached to this resolution, is adopted and approved;
5. The District elects to have the said sewer service charges for the forthcoming fiscal year, and the delinquent garbage service charges, collected on the County of San Mateo tax roll, by the same persons and at the same time as, together with and not separately from, the general taxes.
6. The Controller of County of San Mateo is authorized to enter the amounts of the charges shown on the sewer service charge report and the delinquent garbage service charge report against the respective lots or parcels of land as they appear on the current assessment roll. Where any such lots or parcels are outside the boundaries of the District, they shall be added to the assessment roll of the District for the purpose of collecting such charges. If any property appearing on said reports is not described on the assessment roll, the Controller is authorized to enter the description thereon together with the amounts of the charges.
7. The District Secretary shall cause a true copy of this resolution to be delivered to the Controller of the County of San Mateo.

I hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted and passed at a meeting of the Board of Directors of the Granada Community Services District, San Mateo County, California, held on the 21st day of July 2016.

AGENDA MEMORANDUM

To: Board of Directors
From: Chuck Duffy, General Manager
Subject: Operations and Capital Budget for Fiscal Year 2016/17
Date: July 21, 2016

I have attached the proposed District Operations and Capital Budget for FY 2016/17. The budget is substantially similar to the version your Board reviewed at the May meeting. There are three changes from the May meeting: 1) I increased the *Projects* line item in the Parks and recreation budget from \$15,000 to \$75,000 to reflect the potential work in the medians; 2) I re-assigned \$100,000 in Property Tax revenues from the Sewer District to the Parks and Recreation side; and 3) I increased the allocation of property taxes to Half Moon Bay per our agreement from \$10,000 to \$50,000. I have listed below some pertinent items from this year's budget.

- The sewer service charge is set to remain at \$402 per ERU.
- Property tax revenues have been allocated to both the Sewer budget and the Parks and Recreation budget. I have allocated \$175,000 to the sewer side, and \$400,000 to the parks side, but the final allocations will be at the discretion of your board.
- Sewer operations shows a loss of \$372,000, primarily due to the allocation of property tax to the parks and recreation budget. However, this loss is backstopped by \$439,000 in non-operating revenues.
- I have put a line item in our capital budget for a potential solution for the Medio Creek Bridge gravity sewer crossing. The bridge has been undergoing severe erosion from winter storms.
- We will continue our sewer main replacement program for old and deteriorated mains.
- Although I have included a revenue line item for the SAM Refund from Prior Year, and the ERAF Refund from Prior Year, the true amount of these items are unknowns, because they are dependent on factors outside of our control.
- District sewer reserves should start the year at approximately \$4.38 million, and decrease to \$3.62 million by the end of the fiscal year. This ending balance number is strongly dependent on variations in the Non-Operating Revenues line item, as well as the amount of capital projects the District undertakes.
- On the parks and recreation side of things, I am showing revenue from property taxes of \$400,000, offset by proposed expenditures of \$335,000. This includes the potential purchase of property for parks and recreation use

GRANADA COMMUNITY SERVICES DISTRICT

AGENDA MEMORANDUM

To: Board of Directors
From: Delia Comito, Assistant General Manager
Subject: Consideration of Variance Application, APN 048-013-220, Coronado Ave.,
Miramar, Owner: McGregor
Date: July 21, 2016

For consideration is a Variance application submitted by Paul McGregor on December 23, 2015. The project proposed is a 1,506 sq. ft. single-family dwelling on APN 048-013-220, a 4,400 square foot parcel in the R-1/S-94 zoning district (10,000 sq. ft. minimum). This application is subject to semi-annual consideration by the Board, who may grant no more than one variance among the variance applications received within the past six months.

District Counsel has reviewed the evidence submitted by the applicant and has prepared the Findings Report attached. The District Board must determine whether the evidence is sufficient to satisfy each required finding as it relates to sewer service before granting a Variance.

The following is a list of the documents provided for this Item:

- Findings for Sewer Permit Variance
- Completed Variance Application Form
- Certificate of Compliance
- Letter from Paul McGregor (Statement of Relevant Facts)
- Property Owner Statement (No Acceptance of Fees Form)
- Project Plans
- Assessor's and Sewer Line Maps

**GRANADA COMMUNITY SERVICES DISTRICT
FOR THE JULY 21, 2016 BOARD MEETING
FINDINGS FOR SEWER PERMIT VARIANCE**

Owner/Applicant: Paul McGregor

APN: 048-013-220

Coronado Avenue, Half Moon Bay, 94019

- (1) **REQUIRED FINDING:** Where the property is shown on a map first recorded prior to August 14, 1929 and has not been approved after March 4, 1972 by a recorded final subdivision map, it has been lawfully created for land use purposes by having been the subject of a legal conveyance into ownership separate from all contiguous parcels. Where a parcel is 4,750 square feet or greater in the S-17 or S3 Zoning Districts, or 8,800 square feet or greater in the S-9 Zoning District, a chain of title shall not be required to establish a basis for this finding unless determined to be necessary by the District Board.

INFORMATION REQUIRED: Chain of Title from a Title Insurance Company for all transactions claimed to constitute sale, lease or financing of the parcel which is the subject of the variance application and each vacant parcel sharing a boundary line with the subject parcel, from the date applicant contends the subject parcel was first legally created to the date of the application.

FINDING: The current zoning for the parcel as S-94 (Single-Family Residential District/S-94 Combining District with 10,000 sq. ft. minimum parcel size/Design Review/Coastal Development) and the parcel is 4,400 sq. ft. as confirmed by a stamped survey included in the building plans provided by the Applicant. A Chain of Title was provided to establish a basis for this Finding. There is one vacant parcel sharing a boundary line with the subject parcel and the required Chain of Title for that parcel was not provided.

Additionally, Applicant submitted an Unconditional Certificate of Compliance (Type "A") issued by the County and recorded on August 4, 2015 (Document #: 2015-081986) which states that the subject property APN 048-013-220 "meets the requirements established to confirm legalization as a Certificate of Compliance (Type A)" and complies with the provision of the State of California Subdivision Map Act and the San Mateo County Subdivision Ordinance.

The Chain of Title from Chicago Title Company dated August 21, 2015 shows that the property was shown on a Map first recorded on December 18, 1905. Although said Map did not create the parcel, the Chain of Title shows that it was the subject of a conveyance from James Brown to Jose M. Cleary recorded on July 11, 1906. Such conveyance was as to Lot 19 of Block Seven of the Map entitled "Shore Acres Half Moon Bay Cal. (First Addition to the City of Balboa)" into ownership separate and apart from any and all surrounding lots. According to the Chain of Title, this parcel was conveyed again as a single parcel in August 1914 and May 1939, all prior to July 1945 the effective date of the County's first subdivision ordinance. Hence the Board of Directors of the Granada Community Services District can, and hereby does, make this Required Finding (1).

- (2) **REQUIRED FINDING:** Where the property is not shown on any recorded map, but is shown on a deed into separate ownership recorded prior to July 20, 1945, it has been lawfully created for land use purposes by having been the subject of a legal conveyance into ownership separate from all contiguous parcels. Where a parcel is 4,750 square feet or greater in the S-17 or S-3 Zoning Districts, or 8,800 square feet or greater in the S-9 Zoning District, a chain of title shall not be required to establish a basis for this finding unless determined to be necessary by the District Board.

INFORMATION REQUIRED: Same as for (1) above.

FINDING: The property was shown on a recorded Map and the property was deeded into separate ownership prior to July 20, 1945 and the same finding as for (1) above can be made.

- (3) **REQUIRED FINDING:** Where the property is in the Coastal Zone, it has not been conveyed into ownership separate from all contiguous parcels for the first time after the February 1, 1973 effective date of vested rights under the California Coastal Act without a Coastal Development Permit approving a land division for the creation of such parcel.

INFORMATION REQUIRED: Same as for (1) above.

FINDING: The Chain of Title shows that the property was conveyed into separate ownership well prior to February 1, 1973 and the same finding as for (1) above can be made.

- (4) **REQUIRED FINDING:** Unless a parcel is 4,750 square feet or greater in the S-17 or S-3 Zoning Districts, or 8,800 square feet or greater in the S-9 Zoning District, a Certificate of Compliance or Conditional Certificate of Compliance has been issued for the property, and if the property is in the Coastal Zone, a Coastal Development Permit process was conducted for the issuance of such Certificate, if required by law or regulation.

INFORMATION REQUIRED: A Certificate of Compliance (conditional or unconditional) and a Coastal Development Permit if the subject parcel is in the Coastal Zone (or equivalent proof of parcel legality satisfactory to the District Board of Directors).

FINDING: The Subject Property is 4,400 square feet or greater in the S-94 Zoning District. A Certificate of Compliance (Type “A”) was issued by the County. A Coastal Development Permit (“CDP”) is not required for a Type A Certificate of Compliance. Applicant submitted that Unconditional Certificate of Compliance (Type “A”) issued by the County and recorded on August 4, 2015 (Document #: 2015-081986 which states that the subject property APN 048-013-220 “meets the requirements established to confirm legalization as a Certificate of Compliance (Type A)” and complies with the provision of the State of California Subdivision Map Act and the San Mateo County Subdivision

Ordinance. The Board of Directors of the Granada Community Services District can, and hereby does, make this Required Finding (4).

- (5) **REQUIRED FINDING:** There are no features of the property or the development proposed thereon which have the potential to have a greater than usual contribution to wet weather sewage overflow.

INFORMATION REQUIRED: Site Plan, Topographic Map and Building Permit plans for the subject parcel including calculations by the drafter of the plans showing the percentage of the subject parcel covered with impervious surfaces.

FINDING: Pursuant to County of San Mateo Zoning Regulations for Site Coverage, the maximum parcel coverage is 30% for structures in the S-94 district, plus an additional 10% of site coverage for impervious surface area less than 18” above ground level (“non-structures”). (County Zoning Regs §§6300.9.11.50 and 6300.9.11.70). The maximum site coverage for structures is 30% which equals 1,320 square feet in this case. The maximum site coverage for impervious non-structures is 10% which equals 440 square feet in this case. The proposed parcel coverage for the structure is 1,258 square feet (28.6%) and the proposed coverage for impervious non-structures is ?? square feet (??%) hence the site coverage for impervious surfaces would comply with the County standards and this Finding can be made if the Granada Community Services District sewer permit and/or the County planning permit includes the following Condition of Approval for the project:

At the time of application for a building permit, the applicant shall submit a permanent stormwater management plan in compliance with the County’s Drainage Policy to the Department of Public Works. A site drainage plan will be required that will demonstrate how roof drainage and site runoff will be directed to an approved location. This plan must demonstrate that post-development flows and velocities to adjoining private property and the public right-of-way shall not exceed those that existed in the pre-developed state.

The Granada Community Services District hereby requires that when and if it issues a sewer permit for the subject property, the above condition of approval be contained therein. Applicant is requested to provide documented confirmation that such a Condition of Approval is contained in the County Planning Permit as well.

- (6) **REQUIRED FINDING:** Provision of sewer service to the parcel which is the subject of the application would not significantly adversely affect the ability of the District to serve a conforming parcel in view of the applicable buildout limits in the County of San Mateo Local Coastal Program.

INFORMATION REQUIRED: The District already has or can obtain this information in the form of documentation showing the number of parcels in the District which have

merged or which had their development rights transferred or otherwise eliminated since the completion of the Parcel Inventory and Development Potential Assessment for the Granada Sanitary District (prepared by J. Laurence Mintier & Associates in association with Kennedy/Jenks Consultants (District Engineer)). The District will apply the information to the application before it.

FINDING: This is a Finding requiring the District Board’s factual determination. The parcel is 4,400 square feet in size (short of the 10,000 square foot minimum zoning requirement used for buildout calculations by 6,600 square feet, *i.e.* 66% short of the minimum parcel size). There are three neighboring parcels on 4,400 square foot parcels. Hence, provision of sewer service to the parcel which is the subject of the application ___ would/___ would not significantly adversely affect the ability of the District to serve a conforming parcel in view of the applicable buildout limits in the County of San Mateo Local Coastal Program.

- (7) **REQUIRED FINDING:** Granting of the variance would not constitute a special privilege not available to other property owners similarly situated.

INFORMATION REQUIRED: Written statement of relevant facts from Applicant comparing contiguous or nearby properties.

FINDING: The property owner provided a written statement of facts. According to the property owner there are currently three homes on the same side of the street on 4,400 square foot parcels (APNs XXX, XXX, XXX). It is the applicant’s burden to provide the Board with the evidence regarding these cases and how this application compares. The Board of Directors of the Granada Community Services District finds that the Applicant has met this burden sufficiently to make Finding (7).

- (8) **REQUIRED FINDING:** The property owner has demonstrated by a preponderance of the evidence presented to the District Board that the parcel cannot be rendered conforming (without rendering any contiguous parcel nonconforming) by acquisition of one or more contiguous parcels by payment of fair market value for such contiguous parcel(s).

INFORMATION REQUIRED: Parcel size and setback for each contiguous parcel sharing a boundary line with the subject parcel and name and address of owner(s) of each such contiguous parcel together with documentation showing that each such owner has been offered fair market value for a portion of such contiguous property such that the subject parcel would be rendered conforming. The fair market value offer is not required if contiguous property is not vacant or, if developed, does not exceed minimum parcel size under the zoning ordinance.

FINDING: The applicant has provided a statement of facts stating that there is only one contiguous vacant parcel. According to the statement of facts, the property owner made a fair market offer of \$XXX to the owner of the contiguous vacant parcel and the offer was

rejected. No copy of a written offer, nor written rejection, has been provided to the District. It is a factual determination for the Board to make whether that was a “fair market” offer and whether an offer to purchase a portion of the adjoining vacant parcel should be made.

The Board of Directors of the Granada Community Services District finds that the Applicant has met its burden sufficiently to make Finding (8).

- (9) **REQUIRED FINDING:** The component lots comprising the property do not qualify for merger or will be merged or rendered undevelopable as a condition of the issuance of the variance.

INFORMATION REQUIRED: The District already has the needed information in the form of documentation showing the standards for merger in effect in the County of San Mateo at the time the variance application is considered by the District Board.

FINDING: The Subject Parcel does not qualify for involuntary merger under Government Code Section 66451.11, even though less than 10,000 square feet in size because it was created in compliance with applicable laws and ordinances in effect at the time of its creation (see subsection (b)(2) of Section 66451.11).

- (10) **REQUIRED FINDING:** The current property owner will not voluntarily accept a refund of fees, charges and/or assessments paid in exchange for agreement that the parcel will not ever be used to generate wastewater or garbage and there is no adopted District policy to unilaterally implement such a refund.

INFORMATION REQUIRED: Written statement of the Applicant of intent to develop. There is currently no District policy for unilateral implementation of such a refund.

FINDING: Written statement provided by Applicant December 23, 2015.

- (11) **REQUIRED FINDING:** For parcels which are less than 4,750 square feet in the S-17 or S-3 Zoning Districts, and for parcels which are less than 8,800 square feet in size in the S-9 Zoning District, the variance application was considered at a semi-annual meeting of the District Board held to consider and grant a total of no more than one semi-annual variance from among such variance applications submitted during the preceding six months based on the comparative merits of such application.

INFORMATION REQUIRED: Confirmation to be provided by District Administrator.

FINDING: This parcel is 4,400 square feet in an S-94 Zoning District requiring a parcel size measuring 5,000 square feet. This application for Variance qualifies for semi-annual meeting consideration, because it is less than 8,800 square feet.

- There has been no variance application submitted in the past six months other than this one and the issuance of this Variance will, therefore, not result in the issuance of more than one semi-annual variance.

- There has been one or more variance applications submitted in the past six months other than this one and based on the comparative merits of each variance application submitted in the past six months this variance application is superior and such variance application is, therefore, issued.

- There has been one or more variance application submitted in the past six months other than this one and based on the comparative merits of each variance application this variance application was not selected as the superior variance application and such variance application is, therefore, denied without prejudice.
